Industrial Fiberglass Specialties would be happy to send you more information on any topic you require! To order any of the following bulletins, complete the name/address portion below, select the bulletins you wish to receive and indicate quantities needed, and then fax this form to us. It's just that easy!

Name: _____

Title/Position: _____

Company: _____

Mailing Address: _____

City, State, Zip Code: _____

Phone: _____ Fax: _____

Email Address: _____

Is this a RUSH requirement? Yes, please fax the information.

No, please mail hard copies.

Corrosion Guides:

- _____ Ashland Chemical's Hetron and Aropol Resin Selection Guide
- _____ Dow Chemical's DERA-KANE Epoxy Vinylester Resins - Chemical Resistance and Engineering Guide
- _____ Reichhold Chemical's Application Guide - Corrosion Selection
- _____ AOC's Vipel Corrosion Resistant Resin Guide
- _____ Industrial Fiberglass' Corrosion Guide for Series 5800/9800 Furan Pipe & Duct

White Papers:

- _____ Reichhold Chemical's Application Guide - ATLAC and DION Corrosion Resins for Power Generation Applications

Technical Bulletins:

- _____ Abrasion Resistant FRP Pipe and Duct
- _____ Air Testing of FRP Composite Pipe

- _____ Bolts, Nuts and Washers
- _____ Burial Specifications - Fiberglass Pipe
- _____ Classification of Chemical Service Environments - pH and Other Meaningless Terms
- _____ Company Capability and Background Information
- _____ Conductivity and FRP Composites
- _____ Conversion Tables and Formulas
- _____ Dampers: Heavy Duty FRP Round Air Flow Control Devices
- _____ Dual Laminate Construction for Furan FRP Composite Equipment - A Bad Idea
- _____ Duct, FRP Composite - Survey Form
- _____ Duct Fittings - Typical Configurations Available
- _____ Econo-Tuff FRP Composite Pipe - A New Technology
- _____ Engineering, Manufacturing and Service Contract (EMSC) - The Way to Save!
- _____ End User List - FRP Pipe and Fittings
- _____ Factory Mutual Approval for FRP Duct versus the "Real World"
- _____ Fiberglass Pipe's Fringe Benefit (magazine reprint)
- _____ Fiberglass Reinforced Plastics for Corrosion Resistance - Magazine Reprint
- _____ Furan Composites History & Capabilities
- _____ Furan Composites Overview
- _____ Grounding of FRP Conductive Duct
- _____ Guide Specifications - Specify resin type and corrosion liner thickness: _____

- _____ Hydraulic Testing of FRP Composite Pipe
- _____ Hydrostatic Testing Guideline
- _____ Joint Drawings (Typical)
- _____ Lined versus Unlined FW FRP Composite Pipe
- _____ Machine Shop Capability
- _____ Magic Rollers & Handles - Product Sheet
- _____ Obtaining Your Best Buy in FRP Tanks

- _____ Pipe and Duct Sizes - Increased Capability
- _____ Pipe Specification Form
- _____ Product Bulletins - See Series listing (below) or specify resin type and corrosion liner
Thickness: _____
- _____ Resource Analysis of Industrial Fiberglass Specialties
- _____ Series Descriptions for FRP Composite Pipe
- _____ Smoke and Fiberglass Reinforced Plastic Composites - Where There Is Fire - There Is
Smoke
- _____ Sodium Hypochlorite Chemical Service Environment
- _____ Stacks, FRP Composite - Survey Form
- _____ Sulfuric Acid versus FRP Composites
- _____ Thermal Expansion and Contraction of FRP Composite Pipe
- _____ Threaded Fitting Catalog & Price List
- _____ Victaulic Adapters - Pressure Ratings
- _____ What does it cost to.....? The Pricing of Factory Pre-Assembled Isometric Spools
- _____ Who Are We? - People Resources Table
- _____ Why Filament Wound Fittings and Flanges?
- _____ Why are our prices high? Or, how to interpret bids. - Is the "low price" your best
buy?
