Price List

Small Diameter Filament Wound FRP Composite Pipe Pricing

09-12-2002

Page #1 of 1

Pipe Diameter	Series 5000 Standard Vinylester List Price	Series 2000 Standard Epoxy List Price	Series 5700 High Temp Vinylester List Price	Series 5800 Furan Resin List Price	Series 5900 Fire Retardant Vinylester List Price
3/8"	\$9.00	\$11.30	\$11.30	\$13.50	\$10.60
1/2"	9.00	11.30	11.30	13.50	10.60
3/4"	9.00	11.30	11.30	13.50	10.60
1"	8.60	10.80	10.80	12.90	10.10
1-1/4"	8.80	11.00	11.00	13.20	10.30
1-1/2"	9.00	11.30	11.30	13.50	10.60

Notes:

- 3/8" and 1/2" diameter filament wound FRP composite pipe is built and shipped in nominal 5 foot lengths.
- 3/4" diameter filament wound FRP composite pipe is built and shipped in nominal 7 foot lengths.
- 1", 1-1/4", and 1-1/2" diameter filament wound FRP composite pipe is built and shipped in nominal 10 foot lengths.
- All filament wound FRP composite pipe is provided as bell (socket) end by factory pre-shaved spigot end.
- Prices above are list. Normal reseller, distributor, and OEM discounts apply; based on total order size.
- Corrosion liners for 3/8", 1/2", and 3/4" diameter filament wound FRP composite pipe are a nominal 20 mil veil reinforced.
- Corrosion liners for 1", 1-1/4", and 1-1/2" diameter filament wound FRP composite pipe are a nominal 30 to 40 mil veil reinforced.
- For all corrosion liners, at least one of the plies of reinforcement will be Nexus synthetic veil.
- An inventory of all sizes of pipe is maintained for the Series 5000 and Series 2000 filament wound FRP composite pipe.
- Series 5700, Series 5800, and Series 5900 filament wound FRP composite pipe will be built to order.
- Technical Product Bulletins are available, upon request, for all Series of filament wound FRP composite pipe.
