

Your source for "Total Responsibility" on complete Reactor Systems

Call International Reactor!

We're not just "Reactors", we're also auxiliary vessels

Reactors are only part of a complete system; we also build:

feed vessels, condensate receivers, reactor add-ons, knock-down tanks, cold traps, and other auxiliary vessels.

We can *completely* meet your needs! We can supply a complete integrated reactor system or just individual components.

Need ancillary components to enhance your existing reactor? We can help!

Feed Tank Assembly
55 gallon, feed vessel; manway; vessel pads for mounting on load cells; air-driven, magnetically coupled agitator

Condensate Receiver →
1 gallon; external tubular sight glass; shut-off valves; carrying handle; sanitary inlet flange; skirt mounted

← Feed Tank
5 gallon; integral welded pad with bolted flat sight glass assembly; flanged inlet nozzle; support ring mounted

How can we help meet your needs?
