

Improve your high viscosity mixing. Call International Reactor!

Another solution for our customers

Specifically designed for mixing:

High viscosity materials ~ Plastics, adhesives, sealants, polymers (PET, nylon, polyester, etc.) lubricants and other specialty materials.

Design features include:

- Double helical flights for balanced loading
~ close side wall clearance
- Anchor sweep ~ close clearance ~ contoured to bottom head
- Round vertical anchor bars support helix flights
- Open interior of helix ~ less product hang up, allows mid-batch thermowell

Available for one liter through 200 gallon.

Can be custom designed to fit existing vessel.

Helix-Anchor

4 liter / 1 gallon

30 liter / 8 gallon

50 gallon

Interior (mid batch) thermowell
