

**Increase Your Profit Through
Increased Capability of FRP Composite Pipe and Duct**

For a supplier of corrosion resistant equipment, it's important to be able to respond to specific customer's needs for special piping and duct. To help you tap this profitable market, Industrial Fiberglass Specialties currently has 414 available pipe and duct mandrels in 161 different sizes! As detailed in the table below, these mandrel sizes run from a teeny .370" to a mammoth 162" diameter. Starting with the 8" diameter sizes, many of the mandrels are 40 feet in length - reducing the field joining labor and costs to your customer.

<u>Mandrel Diameter</u>	<u>Mandrel Diameter</u>	<u>Mandrel Diameter</u>	<u>Mandrel Diameter</u>	<u>Mandrel Diameter</u>	<u>Mandrel Diameter</u>
0.370"	1.560"	2.935"	5.001"	8.260"	18.040"
0.500"	1.624"	2.990"	5.260"	8.510"	20.000"
