Typical FRP Composite Threaded Fittings

03-22-99

Page #1 of 1

The above photo shows just a few of the standard threaded fittings and flanges we make. (The standard threads are black or dark gray, not yellow. But, hey, how do you show black threads in a photo?) If you would like to have a complete threaded fitting price list, just give us a call, or send us a fax - and we will have it on the way to you immediately.
